ARIZONA CORPORATION COMMISSION  
SECRET CONTROL

DOCKETED

MAR 21 2013

DOCKETED BY

MP

IN THE MATTER OF THE APPLICATION OF )  
TUCSON ELECTRIC POWER COMPANY FOR )  
APPROVAL OF A CUSTOMER AGREEMENT )  
WITH THE CITY OF TUCSON. )

DOCKET NO. E-01933A-13-0064

APPLICATION

Tucson Electric Power Company ("TEP" or "Company"), through undersigned counsel, hereby requests approval of an agreement between TEP and the City of Tucson ("City") regarding TEP's Bright Tucson Solar Community Solar Program ("Bright Tucson"). Specifically, the City has requested – and TEP has agreed – that the City be allowed to acquire a large number of blocks of solar energy from TEP under Bright Tucson at a lower premium than is provided for in TEP's Pricing Plan Rider 5.

In support of this Application, TEP states as follows:

1. TEP is an Arizona public service corporation with its principal office and place of business in Tucson, Arizona. TEP owns and operates facilities for the generation, purchase, transmission, distribution and sale of electricity.

2. The City is a municipal entity in the south central region of Arizona, located within Pima County, Arizona and has a population of approximately 520,000.

3. TEP's Bright Tucson program was approved by the Arizona Corporation Commission ("Commission") in Decision No. 71835 (August 10, 2010). Under the program, TEP customers can purchase one or more kW increments of solar energy ("Blocks" with each kW representing 150 kWh) at a \$0.02 per kWh premium over the regular tariff rate. Participating customers have the solar energy component of their bill fixed at that rate for 20 years. The terms

1 of the Bright Tucson program are set forth in TEP's Pricing Plan Rider 5, which is attached as  
2 **Exhibit A.**

3 4. In the spring of 2012, TEP began discussions with the City's energy manager about  
4 how the City could diversify its solar energy portfolio. The Company and the City believe that the  
5 Bright Tucson program will allow the City to utilize solar energy without incurring the  
6 complications or maintenance associated with owning the facilities. After discussion, the City  
7 agreed to acquire up to 10,000 blocks (10 MW of capacity), if TEP agreed to a smaller premium  
8 for that energy, similar to what TEP has offered to other large Bright Tucson customers.

9 5. Attached as **Exhibit B** is the special contract that reflects the agreement between  
10 the City and TEP ("Agreement"). This Agreement is effectively an extension of the Bright  
11 Tucson program that has already been approved by the Commission. The City has agreed to  
12 acquire up to 10,000 blocks, in exchange, TEP agrees to a \$0.01 per kWh premium over the  
13 regular tariff rate. The reduced premium applies only to the specific City accounts set forth in the  
14 Agreement. The City Council and the Mayor of the City of Tucson passed, adopted and approved  
15 the Agreement in Resolution No. 22012 (March 5, 2012); Resolution No. 22012 is attached as  
16 **Exhibit C.**

17 6. TEP believes the reduced premium is appropriate given the City's commitment to  
18 acquire a very large number of solar blocks. The Commission has approved similar discounted  
19 rates for La Posada at Park Central ("La Posada") in Decision No. 72800 (February 2, 2012) and  
20 Pima County (Country) in Decision No. 73652 (February 6, 2013). In the La Posada Decision, La  
21 Posada agreed to purchase a large number of solar blocks and TEP agreed to reduce the premium  
22 from \$0.02 to \$0.01. In the Pima County Decision, the County agreed to purchase a large number  
23 of solar blocks and lease TEP the land upon which a new solar generating facility would be  
24 constructed, for an even greater decrease in the rate. In the instant case, because the City similarly  
25 agreed to buy a large number of solar blocks, TEP believed it is appropriate to extend the same  
26 discount that was previously approved for La Posada. TEP believes that the long-term  
27

1 commitment from the City benefits all TEP's customers and helps to ensure that the purpose and  
2 benefits of the Bright Tucson program will continue to be realized.

3 7. TEP submits that approval of this Agreement is in the public interest because it is  
4 consistent with the purpose of the Bright Tucson program and helps facilitate a municipal entity to  
5 acquire renewable energy under the Bright Tucson program.

6 WHEREFORE, Tucson Electric Power requests that the Commission approve the  
7 Agreement between Tucson Electric Power and the City of Tucson.

8 RESPECTFULLY SUBMITTED this 21<sup>st</sup> day of March 2013.

**Pricing Plan Rider-5  
Electric Service Solar Rider  
(Bright Tucson Community Solar™)**

A UniSource Energy Company

**APPLICABILITY**

Pricing Plan Rider-5 is for individually metered customers who wish to participate in the Bright Tucson Community Solar Program. Under Rider-5, customers will be able to purchase blocks of electricity from solar generation sources. Participation in Rider-5 is limited in the Company's sole discretion to the amount of solar generation available and subscription will be made on a first come, first served basis. In order to maximize subscription under Rider-5, TEP may limit the amount of solar block energy purchased by individual customers. Pricing Plan Rider-5 is further restricted to customers being served under one of the following Pricing Plans:

- 1) Residential Lifeline Discount, Pricing Plan R-06-01
- 2) Residential Electric Service, Pricing Plan R-01
- 3) General Service, Pricing Plan GS-10
- 4) Large General Service, Pricing Plan LGS-13
- 5) Municipal Service, Pricing Plan PS-40

Customers being served under self-generation riders or plans may not purchase power under Rider-5 (including, but not limited to Net Metering for Certain Partial Requirements Service Rider-4 and Non-Firm Power Purchase from Renewable Energy Resources and Qualifying Cogeneration Facilities of 100 kilowatts (kW) or Less Capacity Rider-101).

**RATE**

Customers can contract for a portion or up to their average annual usage in solar blocks of 150 kilowatt hours (kWh) each. Transmission and distribution charges will be applied to all energy delivered, including energy delivered under Rider-5. The Customer is responsible for paying (each month) all charges incurred under their applicable rate schedule, and the total solar energy contracted for multiplied by the applicable solar block energy rate. Any demand based charges under the Customer's current Pricing Plan will not be affected by elections under Rider-5.

Rate Schedule	Base Power Contract Rate	Solar Energy Premium	Solar Block Energy Rate
Residential Lifeline R-06-01	\$0.030198	\$0.020000	\$0.050198
Residential Service R-01	\$0.030324	\$0.020000	\$0.050324
General Service GS-10	\$0.028475	\$0.020000	\$0.048475
Large General Service LGS-13	\$0.029371	\$0.020000	\$0.049371
Municipal Service O-40	\$0.029086	\$0.020000	\$0.049086

**TERMS AND CONDITIONS**

- 1) Customers may contract for a portion or up to their average annual usage in solar blocks of 150 kWh. If Customer's annual average usage is not available, TEP will apply the appropriate class average. This limit can be reviewed annually at the request of the Customer.
- 2) Each solar block's energy rate will be maintained for twenty years from the date of purchase. For the purposes of the twenty year energy rate, solar blocks will be attributed to the Customer's original service address. Transfer of service under Rider-5 is prohibited. Should the Customer cancel service for any reason, his or her subscription under Rider-5 will expire.
- 3) Customers may add or delete solar blocks once within a twelve month period. Any addition of solar blocks will be at the then offered solar block energy rate.
- 4) Solar blocks will be applied to the actual energy usage each month. Electricity used in excess of the purchased solar blocks will be billed at the Customer's regular energy rate. If electricity usage is below the amount covered by the solar block(s), then the excess kWhs will be rolled forward and credited again the Customer's usage in the following month. The Customer will still be responsible for the full cost of the block(s) each month.

Customers will be credited for the balance of any excess kWhs annually, or on their final bill should the Customer terminate service under Rider-5. Each year, for the bills produced in October (September usage), TEP will credit Customers their excess kWhs after netting and reset their balance to zero. Credit for excess kWhs will be at the energy rate of the oldest solar block.

- 5) All contracted solar block kWhs and associated charges in a billing month will be excluded from the calculation of PPFA and REST charges and/or credits.

**BRIGHT TUCSON COMMUNITY SOLAR RIDER AGREEMENT**

**BETWEEN**

**TUCSON ELECTRIC POWER COMPANY**

**AND**

**CITY OF TUCSON**

# AGREEMENT

## 1. PARTIES

The parties to this agreement ("Agreement"), dated February \_\_, 2013, are TUCSON ELECTRIC POWER COMPANY ("TEP"), an Arizona public service corporation, and the City of Tucson ("Customer"), an Arizona government agency, a retail customer taking electric service from TEP.

## 2. BACKGROUND

TEP's Bright Tucson Community Solar Program (the "Program") was approved by the Arizona Corporation Commission ("ACC") on August 10, 2010, in Decision No. 71835, and permits customers to purchase solar power in "blocks" of 150 kilowatt-hours (kWh) per month (the "Solar Blocks") from solar generation facilities, thereby reducing the use of energy from conventional resources.

Subject to approval of this Agreement by the ACC, Customer wishes to participate in the Program through the purchase of between one (1) and ten (10) megawatts of generating capacity ("Purchase Commitment"), but at a lower kWh rate than provided in the approved Program due to its Purchase Commitment, as set forth under the terms and conditions contained in this Agreement.

## 3. TERM, EFFECTIVE DATE AND TERMINATION

### 3.1 **Term and Effective Date**

Upon the date of the issuance of an Order by the ACC approving this Agreement ("Effective Date"), this Agreement shall commence upon the Effective Date or the date of the solar system commissioning, whichever is later, and, unless earlier terminated as provided herein, shall continue for a period of twenty (20) years from such date (the "Term"). If the ACC does not issue an Order approving this Agreement, the Agreement shall be null and void.

### 3.2 **Termination for Convenience**

Subject to Section 3.4 below, either party may terminate this Agreement at any time by providing the other party not less than ninety (90) days prior written notice of such termination. However, TEP shall not terminate this Agreement solely to capture any Renewable Energy Standard and Tariff ("REST") or Purchased Power Fuel Adjustor Clause ("PPFAC") charges in excess of the premium paid by the Customer.

### 3.3 **Termination for Cause**

If either party materially defaults in its performance under this Agreement and fails to cure such default for thirty (30) days after receiving the non-defaulting party's written notice of such default, the non-defaulting party may immediately terminate this Agreement.

### 3.4 **Penalty for Early Termination**

If Customer terminates this Agreement for convenience under Section 3.2 herein, Customer shall pay TEP an early termination fee equal to the sum of the avoided REST surcharges plus any net differences in Power Supply charges that would have been charged to Customer since the Effective Date had this Agreement not been entered into, less the sum of the premiums paid (the "Early Termination Fee"). Power Supply charges include Base Power Supply and PPFAC charges. The Early Termination Fee will be due thirty (30) days after the date of TEP's invoice thereof following such termination by Customer.

#### 4.0 **FACILITIES**

TEP will provide Customer a list of available solar generating facilities from which Customer may dedicate up to ten (10) megawatts of solar energy to be applied to the premises identification numbers ("IDs") listed below. Such allocations are subject to the restrictions set forth in Program Rider-5 which is incorporated herein by reference. However, subject to prior approval by TEP, there shall be no exclusion on net metered accounts.

**For a list of City of Tucson meters, see attached Exhibit 1**

Unless selected prior to new rates taking affect, all accounts listed in Exhibit 1 with the rate schedule identification of rate 40 will be subject to the Solar Block rate determined by the equivalent rate 10 Community Solar rate following the 2013 TEP rate case and the account with the identification of TE-113 will be subject to the rate shown as Large General Service LGS-13 below.

#### 5.0 **RATE**

The applicable rate(s) shown below will be applied to the Solar Blocks contracted herein. Transmission and distribution charges will be applied to all energy delivered, including energy delivered under Program Rider-5. The Customer is responsible for paying (each month) all charges incurred under its applicable rate schedule(s), and for the total number of Solar Blocks contracted for, multiplied by the applicable Solar Block Energy Rate. Any demand based charges under the Customer's current Pricing Plan will not be affected by elections under Program Rider-5 or this Agreement.

Rate Schedule	Base Power Contract Rate	Solar Energy Premium	Solar Block Energy Rate
Municipal Service PS-40 *	\$0.029086	\$0.010000	\$0.039086
Large General Service LGS-13	\$0.029371	\$0.010000	\$0.039371

\* Base Power Contract rate and associated Solar Block energy Rate subject to change during TEP's pending rate case

- Delivery Services - Energy provided by TEP will reflect the current rates approved by the ACC, as they may change from time to time.
- The Solar Energy Premium will be fixed for the Term of this Agreement.
- Other Charges - Other applicable charges, including ACC assessments, state and local taxes, etc., are in addition to the Solar Block Energy Rate stated above.

#### 6.0 **TERMS AND CONDITIONS**

- 1) The solar energy credited to each designated premise ID listed above must be allocated in 150 kWh monthly blocks. TEP will determine, in its sole discretion, the expected annual output of the solar generating facility and the number of Solar Blocks available to Customer on an annual basis. TEP reserves the right to reduce the number of Solar Blocks available to Customer based on the actual solar output of the solar generating facilities.
- 2) For the purposes of the twenty (20) year Solar Block Energy Rate, Solar Blocks will be attributed to the Customer's premises IDs listed above only.

- 3) Solar Blocks will be applied to the actual energy usage each month. Electricity used in excess of the purchased Solar Blocks will be billed at the applicable standard offer energy rate. If electricity usage is below the amount covered by the Solar Block(s), then the excess kWhs will be rolled forward and credited against the Customer's usage in the following month(s). Customer shall still be responsible for the full monthly cost of the contracted Solar Blocks identified herein.
- 4) Each year, for the bills produced in October (September usage), TEP will credit any excess kWhs after netting and reset the balance to zero. Credit for excess kWhs will be at the energy rate of the Solar Blocks included herein.
- 5) All contracted Solar Block kWhs and associated charges in a billing month will be excluded from the calculation of PPFAC and REST charges and/or credits.

## 7.0 MISCELLANEOUS

### 7.1 Entire Agreement, Amendment

This Agreement constitutes the entire understanding and commitment of the parties hereto with respect to the subject matter hereto and shall supersede all prior offers, negotiations and agreements. No amendment or modification of this Agreement shall be valid and binding unless made in writing and signed by an authorized representative of TEP and Customer.

### 7.2 Governing Law

This Agreement shall be interpreted, governed by and construed under the laws of the State of Arizona, without regard to the conflict of laws provision thereof, and is subject to the jurisdiction of the ACC. Subject to Section 7.3 of this Agreement, TEP's Tariffs and Rules and Regulations (as may be amended from time to time), are incorporated by reference herein.

### 7.3 Conflicts

To the extent of any conflict between the provisions of this Agreement and any of TEP's Riders, Tariffs, or Rules and Regulations, the provisions of this Agreement shall control.

## 8.0 SIGNATURES

The parties indicate their understanding of an agreement to all of the above terms and conditions by signing where designated below.

ADOPTED BY THE  
MAYOR AND COUNCIL

March 5, 2013

RESOLUTION NO. 22012

RELATING TO GENERAL SERVICES; AUTHORIZING AND APPROVING THE BRIGHT TUCSON COMMUNITY SOLAR RIDER AGREEMENT BETWEEN TUCSON ELECTRIC POWER (TEP) AND THE CITY OF TUCSON; AND DECLARING AN EMERGENCY.

WHEREAS, the City of Tucson is a leader in promotion and use of solar energy;  
and

WHEREAS, the General Services Department (GSD) Energy Office has, under Mayor and Council direction, pursued successful solar projects for City facilities for over 15 years, resulting in a current capacity of 4.7 megawatts (DC); and

WHEREAS, these systems have been supported by TEP renewable energy incentive programs, federal Clean Renewable Energy Bonds (CREBS), and limited City-designated energy funds; and

WHEREAS, TEP rebates, low interest CREBs funding, and City properties with large electrical loads and solar access will not be available in the foreseeable future.

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND COUNCIL OF THE CITY OF TUCSON, ARIZONA, AS FOLLOWS:

SECTION 1. The Mayor and Council finds and determines that it is wise, expedient, necessary, and advisable that the proposed Bright Tucson Community Solar

Rider Agreement between TEP and the City, attached hereto as Exhibit A, be authorized and approved prior to being submitted to the Arizona Corporation Commission (ACC) for final approval.

SECTION 2: The Mayor is authorized and directed to execute said Agreement on behalf of the City and the City Clerk is authorized and directed to attest the same.

SECTION 3. The various City officers and employees are authorized and directed to perform all acts necessary or desirable to give effect to this Resolution.

SECTION 4. WHEREAS, it is necessary for the preservation of the peace, health and safety of the City of Tucson that this Resolution become immediately effective, an emergency is hereby declared to exist and this Resolution shall be effective immediately upon its passage and adoption.

PASSED, ADOPTED AND APPROVED BY THE MAYOR AND COUNCIL OF  
THE CITY OF TUCSON, ARIZONA, March 5, 2013.
